

## BULKHEAD EYE

The EYE exterior wall pack has a compact design and comes in 4 sizes and with a range of lumen outputs from 650~1400lm.

The IE-800 & IE-C800 models are offered with a microwave sensor for presence detection and 3 hour non-maintained self test emergency as options. Ideal for installation in corridors, stairwells and exterior installation, the EYE is also available with an eyelid version for low level environments.

- 120° Light distribution
- Up to 88lm/W
- Ultra robust aluminium design
- IP65 Ingress protected
- Excellent optical design
- Long service life
- Uses less power than fluorescent alternatives
- 3 hour emergency and microwave sensor options available
- Surface and pendant mounting for ease of installation
- Designed for commercial premises and offices, corridors, exterior areas, stairwells, hotel leisure and healthcare environments and social housing
